6 Click on the "Value" field and add your "Asset's Url" in the value field.

WordPress Custom Fields interface. The 'Add New Custom Field' section shows a table with columns 'Name' and 'Value'. The 'Name' column contains 'pdfurl' and the 'Value' column is empty. An orange circle highlights the 'Value' field. The 'Add Custom Field' button is at the bottom.

Name	Value
pdfurl

Click On "Update"

The screenshot displays the WordPress block editor interface. On the left, a list of content blocks is visible, with the first block containing the text "4t3cc16". The right-hand sidebar is open, showing the "Page" tab. At the top of the sidebar, the "Update" button is highlighted with an orange circle. Below the button, the sidebar displays the following information:

- Summary**
- Visibility:** Public
- Publish:** March 29, 2024 6:19 pm UTC+0
- URL:** resources.wisdominter...
- AUTHOR:** Marketing User (dropdown menu)
- [Copy to a new draft](#)
- [Rewrite & Republish](#)

At the bottom of the sidebar, there are two empty rectangular boxes, one with a blue border and one with a red border.
