

# Set Up Asset Redirection in Contact Form7

1 Click the "Edit" button for the contact form where you want to add redirection.

The screenshot shows the WordPress admin dashboard with the 'Contact' menu item selected. The 'Contact Forms' list is displayed, showing a table with columns for Title, Shortcode, and Author. The 'Cisco Renewal FY25Q4 Navigating\_Umbrella (DNS) NA' form is highlighted, and its 'Edit' button is circled in orange. The table also shows that there is a configuration error detected for this form.

Title	Shortcode	Author
apple	[contact-form-7 id="32df99c" title="apple"]	Om Vishwakarma
check	[contact-form-7 id="c8cd6c3" title="check"]	Arindam Sen
Check Contact Form	[contact-form-7 id="e7df4df" title="Check Contact Form"]	Arindam Sen
Cisco Renewal FY25Q4 Navigating_Umbrella (DNS) NA	[contact-form-7 id="8b94b53" title="Cisco Renewal FY25Q4 Navigating_Uk"]	Arindam Sen
Contact form 1	[contact-form-7 id="62627ca" title="Contact form 1"]	Arindam Sen
gsdjhjk	[contact-form-7 id="863f81c" title="gsdjhjk"]	Arindam Sen
Multi select check	[contact-form-7 id="3d27391" title="Multi select check"]	Arindam Sen
Single Page Subscribe Form	[contact-form-7 id="359e07a" title="Single Page Subscribe Form"]	Arindam Sen

## 2 Click on the "Actions" tab.

4 Select the "Redirect" option to navigate to the asset link after submitting the form.

5 Enter your redirection rule title in the "Rule Title" field.

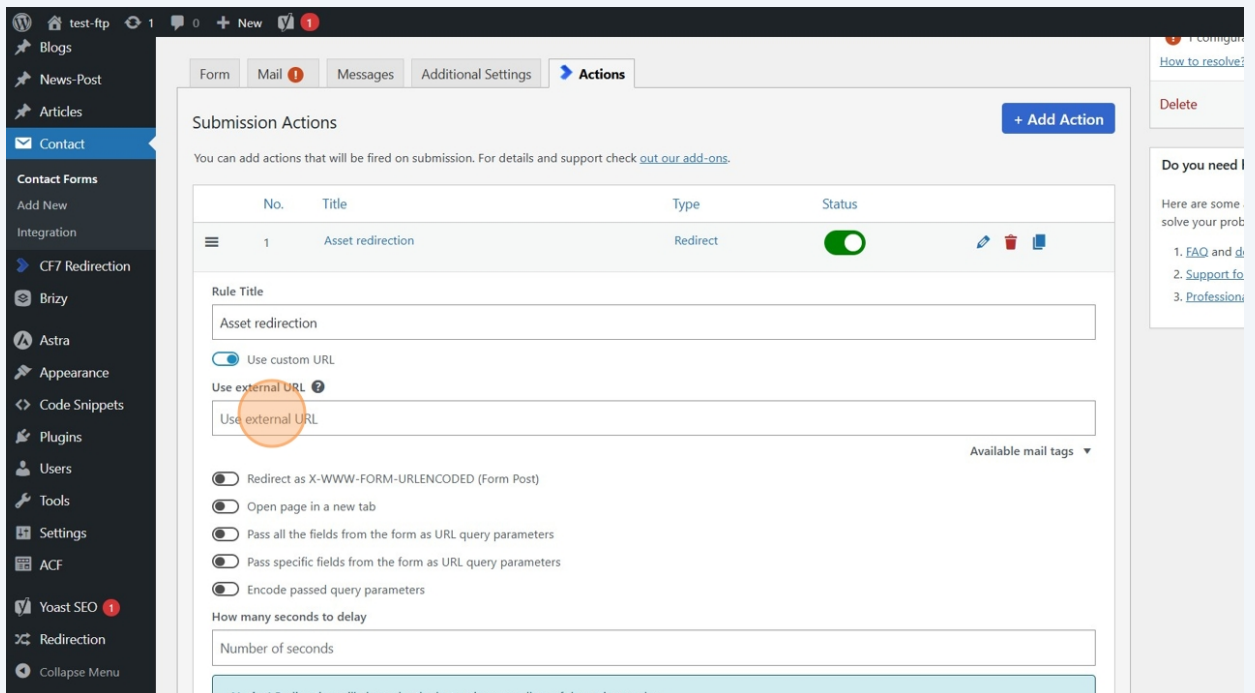

## 6 Turn on the "Use Custom URL" setting.

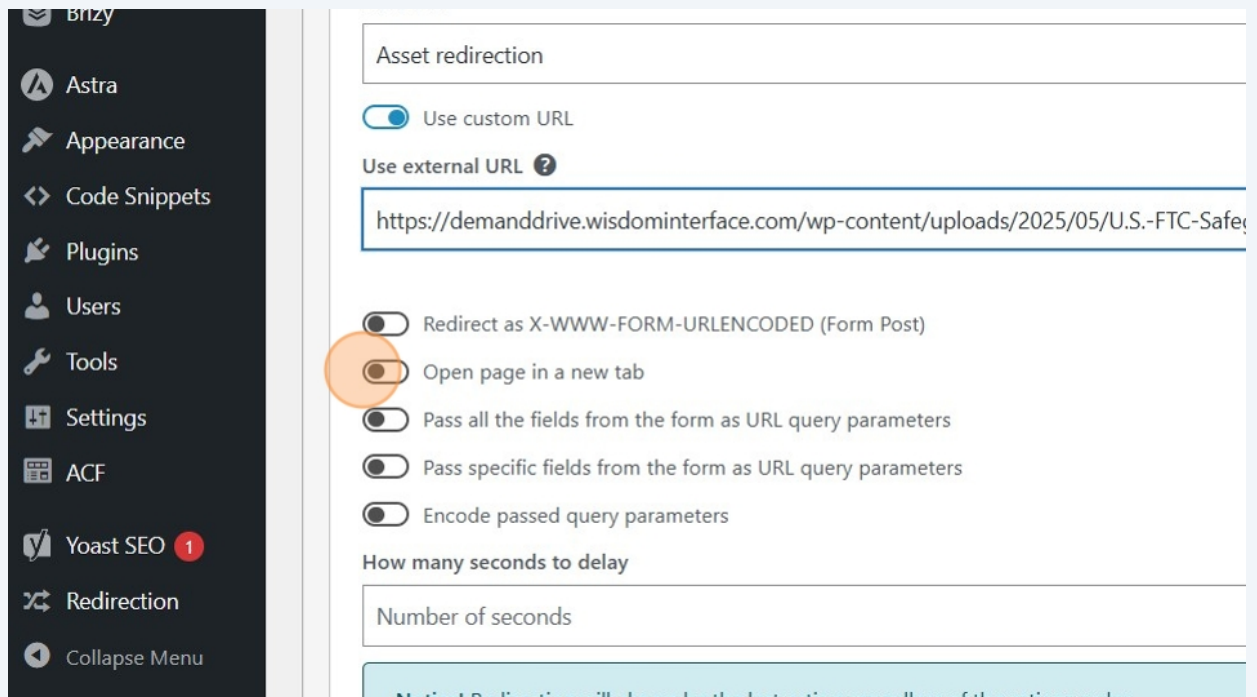

The screenshot shows the 'CF7 Redirection' settings page. On the left is a dark sidebar with a menu containing 'Contact Forms', 'Add New', 'Integration', 'CF7 Redirection' (highlighted), 'Brizy', 'Astra', 'Appearance', 'Code Snippets', 'Plugins', 'Users', 'Tools', and 'Settings'. The main content area has a header that says 'You can add actions that will be fired on submission. For details and support check [out our add-ons](#)'. Below this is a table with columns 'No.', 'Title', and 'Type'. It contains one row with '1' in the 'No.' column, 'Asset redirection' in the 'Title' column, and 'Redirect' in the 'Type' column. To the right of the table is a form for editing the rule. The 'Rule Title' field contains 'Asset redirection'. Below it, the 'Use custom URL' toggle is turned on (indicated by an orange circle). Further down are several other toggles, all of which are currently turned off: 'Select a page', 'Redirect as X-WWW-FORM-URLENCODED (Form Post)', 'Open page in a new tab', 'Pass all the fields from the form as URL query parameters', and 'Pass specific fields from the form as URL query parameters'.

## 7 Enter your desired asset URL in the "Use External URL" field.

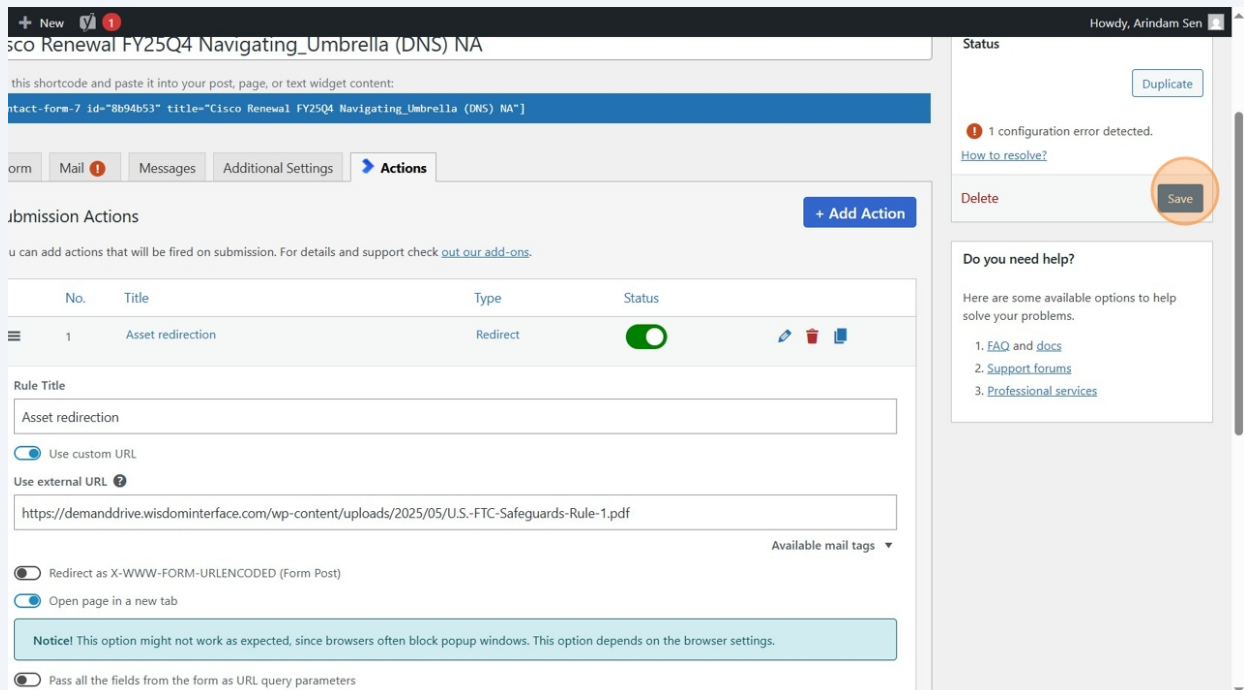

This screenshot shows the 'CF7 Redirection' settings page with the 'Actions' tab selected. The sidebar is the same as in the previous screenshot. The main content area shows the 'Submission Actions' section. At the top, it says 'You can add actions that will be fired on submission. For details and support check [out our add-ons](#)'. Below this is a table with columns 'No.', 'Title', 'Type', and 'Status'. It contains one row with '1' in the 'No.' column, 'Asset redirection' in the 'Title' column, 'Redirect' in the 'Type' column, and a green toggle in the 'Status' column. To the right of the table is a form for editing the rule. The 'Rule Title' field contains 'Asset redirection'. Below it, the 'Use custom URL' toggle is turned on. Below that, the 'Use external URL' field is highlighted with an orange circle. The 'Use external URL' field is currently empty. Below it are several other toggles, all of which are currently turned off: 'Redirect as X-WWW-FORM-URLENCODED (Form Post)', 'Open page in a new tab', 'Pass all the fields from the form as URL query parameters', 'Pass specific fields from the form as URL query parameters', and 'Encode passed query parameters'. At the bottom, there is a 'How many seconds to delay' field with a dropdown menu set to 'Number of seconds'. On the right side of the page, there is a sidebar with a 'Delete' button and a 'Do you need help?' section with links to 'FAQ and documentation', 'Support forum', and 'Professional support'.

## 8 Turn on the "Open in New Tab" setting to open the asset in a new tab.

The screenshot shows the 'Asset redirection' settings in the Redirection plugin. On the left is a dark sidebar with navigation links: Brizy, Astra, Appearance, Code Snippets, Plugins, Users, Tools, Settings, ACF, Yoast SEO (with a red notification badge), Redirection, and Collapse Menu. The main panel has a 'Use custom URL' toggle turned on. Below it, the 'Use external URL' section contains a text field with the URL: `https://demanddrive.wisdominterface.com/wp-content/uploads/2025/05/U.S.-FTC-Safe`. Further down, there are several toggle options: 'Redirect as X-WWW-FORM-URLENCODED (Form Post)' (off), 'Open page in a new tab' (highlighted with an orange circle and turned on), 'Pass all the fields from the form as URL query parameters' (off), 'Pass specific fields from the form as URL query parameters' (off), and 'Encode passed query parameters' (off). At the bottom, there is a 'How many seconds to delay' section with a 'Number of seconds' input field. A light blue notice at the very bottom states: 'Notice! Redirection will always be the last action regardless of the actions order.'

## 9 Click on "Save"

The screenshot shows the 'Actions' tab of the Redirection plugin. At the top, there's a header for 'Cisco Renewal FY25Q4 Navigating\_Umbrella (DNS) NA' and a shortcode: `[contact-form-7 id="8b94b53" title="Cisco Renewal FY25Q4 Navigating_Umbrella (DNS) NA"]`. Below this are tabs for 'Form', 'Mail' (with a red notification badge), 'Messages', 'Additional Settings', and 'Actions' (which is selected). The 'Submission Actions' section shows a table with one action: 'Asset redirection' of type 'Redirect', which is currently turned on (green toggle). To the right of the table is a '+ Add Action' button. Below the table, the 'Rule Title' is 'Asset redirection'. The 'Use custom URL' toggle is on, and the 'Use external URL' field contains: `https://demanddrive.wisdominterface.com/wp-content/uploads/2025/05/U.S.-FTC-Safeguards-Rule-1.pdf`. There are also 'Available mail tags' and several other toggle options, including 'Open page in a new tab' which is turned on. A light blue notice box says: 'Notice! This option might not work as expected, since browsers often block popup windows. This option depends on the browser settings.' On the right side of the screen, a 'Status' panel shows a red error message: '1 configuration error detected. How to resolve?'. Below this is a 'Delete' button and a 'Save' button (highlighted with an orange circle). At the bottom right, there is a 'Do you need help?' section with links to FAQ, support forums, and professional services.
